PEPE CEYLON™

Essence of Nature

COMPANY PROFILE

Contents

PEPE CEYLON is a food processing company, a range of spices and herbs-based products manufacturer incorporated in 2020 at Monaragala in Sri Lanka. We aim to deliver the essence of nature to the customer through a process which delivers highest quality at each step from sourcing to delivery.

Vision

To be the premium brand for natural products that promote health and well-being, providing superior quality and diversified products to the global markets by being a progressive and profitable group that differentiates the service and adds value to products to create a community with sustainable and meaningful values.

Mission

Deliver exceptional quality products by applying accurate and up-to-date knowledge in a meaningful and sustainable way for the benefit of all stakeholders and the environment.

People

Gayan Sanjeewa
B.Sc. Eng. (Hon`s) in Civil and Environmental Engineering

Gayan Sanjeewa hails from Monaragala in Uva province, Sri Lanka. situated between the East Coast and Central Highlands. Growing up in this diverse landscape, he was immersed in the rich natural environment, where he developed a deep connection with spices, herbs, and tropical fruits. Gayan holds a bachelor's degree in Civil and Environmental Engineering from the University of Ruhuna and has ventured into entrepreneurship, founding CISS Engineering.

Beyond construction, Gayan's passion led him to establish PEPE Ceylon, where he aims to share the unique flavours of Sri Lanka's spices, herbs and tropical fruits with the world. He is not only a skilled professional but also an adept problem solver with a global perspective, known for his ability to collaborate with people from various cultures.

Gayan Sanjeewa embodies determination, achievement, and the pursuit of dreams, making his journey a vibrant tapestry of experiences that contribute to his remarkable life story.

Raw Material

PEPE CEYLON sources 100% of its spices, herbs and other food ingredients from smallholder farmers covering diversified agroecological zones ranging from Upper Uva to dry zone areas in the Southeastern flat terrains of Central Highlands through the intermediate zone.

PEPE CEYLON commits to delivering the essence of nature to the world for your nutrition and health needs.

Production

Once handpicked at the source, handling of the raw material and transportation are carried out in compliance with meeting required quality with the supervision of PEPE CEYLON personnel. processing, packaging, and storing are done in the fully owned processing centre with the machineries meeting global standards like food grade stainless steel surfaces and so on.

Black Pepper

POWDER | WHOLE

PEPE CEYLON Black Pepper is made from dehydrated 100% natural Pepper berries which are handpicked from Pepper vines in the intermediate off-season fruit belt in Uva Province. PEPE CEYLON Black Pepper is particularly favoured as it is quite rich in piperine, the alkaloid which lends it a distinct pungency.

Pepper is one of the oldest commercialized spices in the world and is known as the "King of Spices".

CINNAMON

QUILLS | POWDER

PEPE CEYLON Cinnamon offers cinnamon quills and powder derived from dehydrated bark of 100% natural true cinnamon trees, hand-harvested by small-scale farmers in Monaragala, Sri Lanka. Notably, our cinnamon boasts remarkably low Coumarin levels at just 0.02%, in stark contrast to the 0.4–0.8% typically found in Cassia-type Cinnamon. It's worth noting that coumarin, when present at levels of 0.4–0.8%, is considered potentially harmful to the liver. However, PEPE CEYLON Cinnamon can be safely incorporated into your daily diet without undue worry.

- **ANTIOXIDANT PROPERTIES**
- **SKIN HEALTH**
- **INCREASE INSULIN SENSITIVITY.**
- **REDUCE YOUR BODY WEIGHT.**
- **CONTROL CHOLESTEROL LEVELS AND HEART DISEASE**
- **MINIMIZE PARKINSON'S SYMPTOMS.**
